1. Purpose

The Board is the governing body of the Harpenden Building Society (the “Society”).

The UK Corporate Governance Code (the “Code”) requires that every firm should be headed by an effective board which is collectively responsible for the long-term sustainable success of the company.

The Board provides leadership of the Society within a framework of prudent and effective controls which enables risk to be assessed and managed. The Board sets the Society’s strategic aims and ensures that the necessary financial and human resources are in place for the organisation to meet its statutory objectives. It also reviews management performance. The Board sets the Society’s behavioural standards and ensures the Society’s obligations to its members and others are understood and met.

The Terms of Reference document Board responsibilities, authority, organisation and composition. The Terms of Reference have been aligned to the Code, Rules of the Society and Regulatory requirements. The Board is committed to complying with the best practice in corporate governance but where it believes that there is a justifiable reason to depart from the Code then it will do so and follow the “comply or explain approach”.

2. Membership

The Board currently consists of Non-Executive Directors and Executive Directors, providing a complementary balance of skills and expertise. This is in line with the Rules of the Society requiring not less than five and not more than ten Board members, and in line with the Code requiring at least half the Board, excluding the Chair, to comprise Non-Executive Directors.

The Board is required to be of sufficient size that the requirements of the business can be met and changes to the Board’s composition and that of its committees can be managed without undue disruption.

The composition of the Board will be reviewed at least annually and “from time to time” as required by the Rules, and the Code.

All Non-Executive Directors are considered to be independent in character and judgement.

The Board is composed of the members set out in the table on the next page.

Role	Status
Chair	Chair, Full Member
Senior Independent Director	Vice Chair, Full Member
Non-Executive Directors	Full Members
Chief Executive	Full Member
Finance Director	Full Member

The roles of the Chair of the Board and the Chief Executive are held by different individuals and are distinct in their purpose. There is a clear division of responsibilities with the Chair of the Board having overall responsibility for the Board and the Chief Executive for running the day to day business of the Society. No one individual has unrestricted powers of decision. The division of responsibilities are clearly established, via role profiles. These are set out in writing and agreed by the Board.

All Directors are submitted for election at an annual general meeting following appointment to the Board, and then re-elected at three-yearly intervals in accordance with the Rules of the Society. Non-Executive Directors can serve up to a maximum of three three-year terms. Any extension agreed by the Board and the Non-Executive Director is then subject to annual re-election by the members, having due consideration to the continuing independence and objectivity of the Non-Executive Director.

Only members of the Board have the right to attend Board meetings, the Secretary also attends Board meetings. Other individuals such as members of the Leadership Team, external advisers and other guests may be invited to attend all or part of any meeting as and when appropriate with permission from the Chair.

All new members of the Board will be informed of the role of the Board and their responsibilities and provided support and training where deemed necessary by the Chair, or person appointed by the Chair.

3. Quorum

The Rules of the Society state that four members present at any Board meeting shall form a quorum. Quorum requirements should be reviewed annually to reflect any changes in Board membership or roles and responsibilities.

4. Authority

The Board is the governing body of the Society and as such has unreserved powers of authority.

The Board discharges its responsibilities via further delegations to Board or Management Committees, Executives or the Senior Managers of the Society.

All Non-Executive Directors can request to attend any of the Board Committees or Management Committee meetings with the agreement of the Chair of the Committee.
